

"PORK IN THE POT"

Is the Cause of a Lively Debate in Congress.

PERSONALITIES INDULGED IN

By Mr. Cannon and Mr. Miliken. Some Amusing Things Said and Done—Interesting News from the National Capital.

WASHINGTON, March 6.—A bill called up in the House to-day appropriating \$300,000 for a public building at San Jose, California, was the object of a vigorous attack from Mr. Cannon, of Illinois. He criticised the action of the Committee on Public Buildings and Grounds, and alluded to the "pork in the pot."

In his town of Danville the postoffice site was leased for \$700 a year. That was sufficient for the postoffice building there and the business was more than the average of the business of towns where the committee provided for the erections of public buildings.

Mr. Miliken retorted that nobody doubted that the gentleman's town was a cheap town. [Laughter.]

Mr. Cannon—"If the gentleman deems—"

Mr. Miliken—"No, I am simply admitting the truth of your own argument. Mr. Cannon said that from the business and real estate of the gentleman from Maine when any one tried to criticize his committee, it would seem to be treason to the gentleman and humanity to do so. When in good faith he [Cannon] called attention to the appropriations made by those bills, the gentleman rose and indulged in allusions which were cheap, if not contemptible. The Republicans had told the country that under the new rules desirable legislation would be speedily enacted; yet these rules had been in force a month before a special order was made for the consideration of public building bills. He would content himself in voting against bills which his judgement told him were not proper. Gentlemen would not consent to the amendments to his committee, which would excise him when he told them that he got for them \$75,000 or \$200,000 for improvident appropriations, he [Mr. Cannon] supposed that it was all right. [Laughter.]

Mr. Miliken said that he would endeavor to get along with his constituents without the lecture of the gentleman from Illinois. If it were not for his friendly feelings toward the gentleman from Illinois, he would suggest further that he had never seen a man attempt to impute to another man that he had "pork in the pot," that he was not the first to let his hand into the pot. [Laughter.]

Mr. Cannon, approaching Mr. Miliken, asked the gentleman to be kind enough to explain his last remark. Did the gentleman mean to say by words or otherwise that he (Mr. Cannon) had asked or intimated that he desired the committee to recommend any bill.

Mr. Miliken suggested that it was a foolish thing for a man to ask another man whether he had done a thing which nobody expected he had done. He was entirely responsible for what he had said. Mr. Cannon understood the gentleman said that he never knew a man to cry "Stop thief," that he was not trying to steal something.

Mr. Miliken said that the gentleman had severely reflected upon the committee, and had talked about the people having "pork in the pot." (Mr. Miliken) did not say that the gentleman had "pork in the pot," but he did say that, were it not for his friendly relations with the gentleman, he would make the general remark that the man who had said "stop thief," was the first to steal.

THE FINAL ATTEMPT

To Make Senator-Elect Brice Pay His Back Taxes.

PROCEEDINGS IN MANDAMUS

Begun by Special Tax Collector Morgenthau—A Complete History of the Case—The Hearing Set For June.

LIMA, O., March 6.—A suit in mandamus, filed in the Circuit Court by H. W. Morgenthau, through his attorneys, Robt & Leete, to compel County Auditor C. D. Criles to proceed in the action of listing the delinquent taxes of Senator Calvin S. Brice, is the beginning of the end of one of the most important and intricate civil suits ever brought in Ohio. Morgenthau, as tax collector, in his petition avers that he is acting in accordance with the provisions of an act of the General Assembly of Ohio, passed and taking effect April 10, 1888, according to which and the contract made with the Commissioners of Allen county, he is to receive 20 per cent of all taxes collected through his instrumentality which have been legally avoided, and that said act provides that upon information given by the Auditor must compel listing and appearance. On August 10, 1888, at the instance of Morgenthau, County Auditor Poling issued notice on Calvin S. Brice, who was in New York to appear before him on August 23 and show why the returns should not be corrected and omissions placed on the treasurer's duplicate. This notice was duly served on Brice personally, but he did not attend to it, announcing that he would appear on the day set for the hearing, but did not appear.
